²Rates approved by the Florida Public Service Commission in Docket Nos. 20250011-EI, 20210015-EI, 20250001-EI, 20250002-EG, 20250007-EI, and 20250010-EI.
 If there is a discrepancy between the rates shown on this insert and the effective, PSC-approved tariff, the rates in the official tariff prevail in all instances.

This guide has information about your monthly bill, including an overview of the charges for your electricity.

Our commitment to you

We're committed to providing reliable electricity you can count on in good weather and bad while keeping your bill as low as possible. We're doing that by making smart, long-term investments in innovative technology and infrastructure and finding ways to work more efficiently for you.

We also want to help you find new ways to save money and make your bill even lower. Learn more about energy-efficiency programs and available rebates by visiting FPL.com/WaysToSave for residential customers, and FPL.com/bizprograms for business customers.

New rates approved

The Florida Public Service Commission approved new rates effective January 2026, including increasing base rates and setting the minimum base bill at \$30. In addition, rate clauses have been adjusted for 2026, and the storm surcharge to repay the costs of restoring the grid after Hurricanes Helene, Debby and Milton has ended.
