Terms and Conditions

Program Standards: The objective of this program is to encourage customers to install high-efficiency Heating, Ventilation, and Air Conditioning (HVAC) systems.

Eligibility: This Program is available to residential Gulf Power customers in new and existing single-family units that are individually metered by Gulf Power within the company's service territory. Gulf Power reserves the right to temporarily suspend the program. Incentive amounts, program rules, and regulations are subject to change without notice.

Products include air-sourced heat pumps or Air conditioners with 90% AFUE gas furnace system with a Seasonal Energy Efficiency Ratio ("SEER") of 16.0 or greater. Must be newly installed (i.e., cannot be refurbished, previously installed or otherwise used). Certified by the Air Conditioning, Heating & Refrigeration Institute ("AHRI") as listed on its website (www.ahridirectory.org) and listed (including any supplemental devices) by Underwriters Laboratories ("UL") or another recognized organization in accordance with UL standards.

You may view Gulf Power's Program Standards by clicking [Here](#) - or by copy the following URL www.gulfpower.com/ProgramStandards and placing it in your web browser.

I certify that the information or data provided by me or my company is correct and that Gulf Power Company may rely on such information or data. By acknowledging these Terms and Conditions, I certify that I am an employee or authorized representative of the company and that I have read and accepted the Terms and Conditions.

If this product is self-installed, the customer certifies that he/she is a Gulf Power residential, all information on this form is accurate and he/she has read and accepted the Program Requirements listed above. The customer acknowledges that Gulf Power will make the final determination of any incentive the he/she will receive and may verify the information provided, including the verification of the product(s) installed at the service address.
